

# Weatherization Rebate Application

## WINDOWS, DOORS & INSULATION

Offer valid through September 30, 2026 or until funding expires

### APPLICATION INSTRUCTIONS

1. Items must be installed within Columbia REA's service territory and be an electrically heated home.
2. Complete Rebate Application and **include docs in checklist on page 3**
3. Attach a copy of your receipt for the retrofit work. (Rebates are not for new construction)
4. Submit all paperwork within 120 days of purchase to: [rebate@columbiarea.coop](mailto:rebate@columbiarea.coop)  
Or: Columbia REA- Rebates, 2929 Melrose Street, Walla Walla, WA 99362  
Call or email [rebate@columbiarea.coop](mailto:rebate@columbiarea.coop) with any questions **(509) 526-4041**
5. Rebate will be mailed by check to the Columbia REA member.

### Terms and Notes

#### Home

The word "Home" as used in this document refers to the electrically heated living space within the residence. It does not include detached garages, unheated basements and porch areas or out buildings.

#### Single Family

Single Family includes buildings with four or fewer residences. Rebates are available at one or possibly more per residence. For example, homes that have two separately ducted heat pump systems qualify for 2 rebates when both systems are being replaced. Consult with us for multiple rebate approval.

#### Multi-Family

includes buildings with more than four residences and three or fewer stories. Pre-approval by Columbia REA is required.

#### Member Invoices - must reflect the following:

- The member's name and address of install
- The total cost of each measure and the overall total cost to the member
- Insulation; Documentation or **pictures** indicating the **before and after R values and/or insulation thicknesses**.

#### Rebate Application

Weatherization measures on rebate applications must detail before and after insulation levels, existing windows types (when bidding window replacements) and square footages. Rebates are not for new construction; retrofit, enhancement and the replacement of existing items only. The above requirements are needed to satisfy BPA's energy audit requirements.

**All rebates are capped at 70% of the actual cost or the approved rebate amount, whichever is less.**

# INSULATION

Fill all boxes and provide all docs in the checklist on page 3. We will match the appropriate rebate amount for each, refer to page for "Insulation Rebate Reference Chart" for rebates per square foot and by type.

<p><b>Describe original items replaced or enhanced (rebates are not for new construction, retrofit only):</b></p>

By signing below, I certify that all information listed on this document is true and correct and the installation address is in the Columbia REA service territory. I attest that I have not previously applied for or received a rebate for the item(s) listed above. I understand that Columbia REA reserves the right to verify installation of the listed item(s) and that completion of this form does not guarantee my rebate. I acknowledge that Columbia REA’s Rebate Program is subject to change and funding availability. The rebate may be paid as a bill credit if the members account is past due.
